

Pure Focus Lutein Spray

Now Improved Formulation

As seen on ITV's This Morning

Developed in 1996, Pure Focus is sprayed under the tongue for more effective absorption.

Internationally a best seller after six years of success in the USA. Users have used words such as "miraculous" to describe the improvements after using the spray for just 2-4 months.

800%
Improved Absorption
compared to tablets or capsules

The choice of Professionals A UK & USA Best Seller

This is the most widely used eye formula and overcomes the absorption problems in the elderly population.
